SLEEPS: 4 | YEAR: 2027

The Ascent is Bailey's newest motorhome range. Taking the popular layouts from the award-winning and much-loved Adamo range and remodels them into a new-looking range of vehicles. The 75-4T is a spacious 4-berth vehicle with the ever-popular twin fixed single beds across a garage. The perk of the 75-4T is that the beds can be used either independently or as a super-large king, giving you plenty of sleeping options. If you have guests, the front lounge turns into a double with the help of the electric table, plus a central washroom splits the bedroom from the front, giving privacy. If you need to carry four while driving, the 75-4T has two pop-up travel seats! One of the main benefits of the Ascent over the existing Adamo is the addition of a 150ah lithium leisure battery & Truma NEO heating!
