Mercedes-Benz, the ultimate base vehicle? The Malibu Genius is the flagship campervan in the range, and for good reason. With Malibu's groundbreaking extension, it allows the Genius to have longitudinal beds in a Mercedes Sprinter base, extremely rare! It shares the same two-room style layout as the first-class two rooms and has a large front seating area. The Performance 4X4 shares the same D.N.A. as the standard Genius but is based on the Mercedes Four Wheel Drive chassis, has raised ride height, all-terrain tyres, and plenty of added equipment to allow the Genius performance to go anywhere!
